TORTURED BY ECZEMA

"When my boy was six years old, he when my boy was six years old, he suffered terribly with sezema. He could neither sit still nor lie quietly in bed, for the itching was dreadful. He would irritate spots by scratching and that only made them worse. A doctor treated him and we tried almost everything, but the eczema spread for the thing, but the eczema spread for two years until it very nearly covered the back part of his leg to the knee. Finally I got Cuticura Soap, Cuticura Ointment and Cuticura Pills. I used them in the morning and that evening I used them morning and that evening I used them again and the improvement, even in those few hours, was surprising the inflammation seemed to be so much less. I used two boxes of Cuticura Ointment, the same of the Fills and the Scap and my boy was cured. My son is now in his seventeenth year and he has never had, a return of the eczema. I took care of a friend's child that had eczema on its face and limbs and I used the Cuticura Scap and Ointment. They acted on the child just as they did on my son and it has never returned. Mrs. A.
